WHAT THEY'RE SAYING

Check out our [Introduction to Bitcoin Mining](#) video, and hear what the community has to say:

"D++'s talk on how bitcoin mining works was fantastic. It was a master class in explaining something simply so that anyone can understand it and how to keep an audience engaged. You should watch it if you want to understand how mining works."

- GANDALF

Slush Pool by Braiins

The 1st mining pool since 2010
